Summary

I currently work as a Teaching Assistant in a Special Needs School, providing support for children age 3-6. Our class is a group of children who have a range of learning difficulties and needs, this providing me with a range of adaptable skills. I provide consistent and quality care throughout my work. I am a forward-thinking worker who enjoys helping others and ensuring a safe, nurturing environment for children and young-adults.

Throughout my development, I am keen to further my knowledge and practice.

I do care work a couple of times a week for a young girl also, I do personal care and school work with her.
